

Breakfast at the Inn

What's For Breakfast In The Smoky Mountains?

Since breakfast is half of why you come to our Waynesville, North Carolina bed and breakfast, we thought you might enjoy a sneak preview of some of our special dishes.

Our three-course, gourmet breakfasts consistently get great reviews from our guests. A typical breakfast will start with the first course of muffin, scone, biscuit or tea bread (all from our From Scratch Kitchen!), served with a course of fruit dish (depending on what's in season). Our favorite fruit dishes are parfaits with layers of fresh fresh fruit and a blend of vanilla yogurt, oatmeal, or granola, and slivered almonds. All served with the main fare, be it sweet or savory! A guest favorite, Belgian waffles almost look too pretty to eat! We highly recommend taking a quick picture and then devouring this fruity, not-too-sweet morning treat or one of our crustless quiche servings, which you will also want to take a quick pic of! But, we must tell you that you will be taking pictures of each of your scrumptious and beautifully presented breakfasts.

We often have special dietary needs or restrictions requested by our guests. Some examples of diets that we can accommodate are:

- Diabetic
- Low sugar
- Gluten-free
- Vegetarian
- Lactose intolerant
- Vegan
- Low fat
